Synopsis

pod-render.pl6 --pdf bin/pod-render.pl6

Usage

```
pod-render.pl6 [--pdf] [--html] [--md] <pod-file>
```

Arguments

pod-file. This is the file in which the pod documentation is written and must be rendered.

Options

--pdf

Generate output in pdf format. Result is placed in current directory or in the ./doc directory if it exists. Pdf is generated using the program **wkhtmltopdf** so that must be installed.

--html

Generate output in html format. Result is placed in current directory or in the ./doc directory if it exists.

--md

Generate output in md format. Result is placed in current directory or in the ./doc directory if it exists.

Generated using Pod::Render, Pod::To::HTML, wkhtmltopdf
